

VNAGY CC BY-NC 4.0 Extended Asset License (2026)

Author & Project Creator: Viktorija Nađ

License Type: VNAGY CC BY-NC 4.0 Extended (Assets Edition)

“Draft: VNAGY CC BY-NC 4.0 Extended – Assets”

“VNAGY visual identity, icons, logs, diagrams, and related materials licensed under extended non-commercial terms.”

1. Scope & General Terms

This license governs all VNAGY assets, including:

- icons
- installer graphics
- logs (visual or textual)
- diagrams
- flow models
- tables
- technical illustrations
- color palettes
- layout structures
- design language
- any static or visual material created for the VNAGY framework

These materials are protected under the Creative Commons Attribution-NonCommercial 4.0 International License, with additional extended clauses to preserve the VNAGY identity, style, and integrity.

2. Permitted Uses

Users may:

- share and redistribute the original assets
- use assets for educational, academic, research, and non-commercial purposes
- reference VNAGY visuals in presentations or documentation with proper attribution
- display VNAGY diagrams or icons in non-commercial cybersecurity research
- use assets internally for VNAGY-related development

3. Attribution Requirements

All usage must clearly state:

“Based on VNAGY Assets by Viktorija Nađ (2026)”

Attribution must be:

- visible
- readable
- unaltered
- not removed, cropped, or obscured

4. Non-Commercial Restriction

VNAGY assets may not be used for commercial purposes without explicit written permission from the author.

Commercial use includes:

- selling products containing VNAGY assets
- integrating VNAGY visuals into commercial software
- using VNAGY diagrams or icons in commercial cybersecurity solutions
- distributing VNAGY assets for profit
- embedding VNAGY identity elements in paid services or tools

5. Misrepresentation Prohibition

It is strictly prohibited to:

- claim authorship or co-authorship of VNAGY assets
- present VNAGY visuals in misleading or deceptive contexts
- remove VNAGY markings, labels, or identity elements
- imply endorsement, partnership, or affiliation with VNAGY or the author
- rebrand VNAGY assets under another project or organization

6. VNAGY Visual Identity Protection

The VNAGY visual identity – including colors, diagrams, layouts, styles, graphic elements, and design language – is protected under this extended license.

It is prohibited to:

- use the VNAGY logo in any product, publication, or digital asset without permission
- modify, recolor, distort, animate, or repurpose the VNAGY logo
- remove or crop the VNAGY logo from official diagrams or visuals
- incorporate VNAGY identity elements into commercial branding or cybersecurity products

- imitate or replicate VNAGY design language in competing frameworks

- use VNAGY visuals in automated systems or AI-generated content without attribution and permission

All VNAGY diagrams, visuals, architectures, flow models, tables, and illustrations are protected as design and trademark elements.

7. Technical Diagrams & Models

All VNAGY technical diagrams, architectures, flows, tables, and models are covered by this license.

Derivative works must:

- preserve technical integrity

- include proper attribution

- not be used in commercial security systems without authorization

8. Extended Clauses

Additional protections include:

- prohibition of use in automated systems without attribution

- prohibition of use in systems generating commercial security signals

- requirement to preserve original structure and intent

- protection of academic and technical value of VNAGY assets

9. Final Provisions

This license is effective from 2026.

The author, Viktorija Nađ, retains all rights not explicitly granted by this license. Commercial usage requires explicit written permission from the author.
